Seminar "Kumbh-27: A Unique Platform for Innovation & Growth"

(Under the AI Pledge)

Date:01/04/2025

Venue: IOE Seminar Hall

Time: 3:30 pm – 4:30 pm

Organized by: MET's Institute of Engineering, Department of Artificial Intelligence and Data Science.

Participants:20 students, 6 staff members

Introduction

The seminar on "Kumbh-27: A Unique Platform for Innovation & Growth" was organized under the pledge taken for AI: *"We pledge to position India as a Vishwa Guru in AI, leading innovation, ethics, and education, fulfilling our Prime Minister's vision."* This event aimed to explore opportunities for technological advancements, collaborative innovation, and entrepreneurial growth in the context of Kumbh-2027. It brought together esteemed experts from the Kumbathon Innovation Foundation to share their insights and experiences.

Objectives

The primary objectives of the seminar were:

- To understand the origin and vision of Kumbathon Innovation Foundation.
- To explore various programs and initiatives at Kumbathon and their impact on students.
- To identify technological and entrepreneurial opportunities at the upcoming Nashik Kumbh Mela 2027.
- To encourage students and professionals to engage in innovation-driven initiatives.
- To align with India's AI leadership vision by fostering innovation and ethical AI applications.

Topics Covered

The seminar featured expert sessions from distinguished speakers:

1. Mr. Girish Pagare – Spoke about the origin and setting up of Kumbathon and elaborated on the vision and mission of the Kumbathon Innovation Foundation. His insights shed light on the evolution of innovation-driven problem-solving initiatives at the foundation.

2. Ms. Divya Agrawal – Highlighted the various programs and initiatives at Kumbhathon, emphasizing how students can actively engage in technological and research-based projects. She also discussed collaborative opportunities and skill development platforms.
3. Rishabh Vora – Provided an in-depth analysis of entrepreneurial and technological opportunities at Nashik Kumbh Mela 2027, drawing parallels from the Prayagraj Kumbh Mela of 2025. His talk emphasized how emerging technologies like AI, IoT, and Data Science could play a crucial role in event management, crowd control, and urban planning.

Learning Outcomes

The key takeaways from the seminar included:

- A deeper understanding of Kumbhathon's mission and innovation-driven initiatives.
- Awareness of how AI and emerging technologies can contribute to large-scale societal events like Kumbh Mela.
- Exposure to collaborative and entrepreneurial opportunities for students and professionals.
- Insights into problem-solving approaches that align with India's AI-driven future vision.
- Encouragement for students to actively participate in innovation and technology-driven solutions for real-world challenges.

Conclusion

The seminar successfully provided a platform for knowledge exchange and innovation exploration in the context of Kumbh-27. By aligning with the pledge to position India as a Vishwa Guru in AI, the event encouraged young minds to embrace technology, ethics, and innovation in solving complex problems. The insights shared by the experts will serve as a guiding force for students and professionals to contribute meaningfully to the future of AI-driven innovation. This seminar not only inspired attendees but also laid the foundation for collaborative efforts between academia, industry, and startups to harness the potential of AI and emerging technologies for large-scale societal events.

Feedback

The overwhelmingly positive feedback highlights the seminar's success in inspiring students and professionals. Future iterations could include **interactive activities and extended discussions** for deeper engagement.
