

Program on  
**“Training on Python Programming”**  
 Organized by Department of Artificial Intelligence & Data  
 Science

**01<sup>st</sup> August to 14<sup>th</sup> August 2024**

**Event Summary**

**Title** - Training on Python Session.

**Duration** - 01<sup>st</sup> to 14<sup>th</sup> August 2024 (56 Hours)

**Target Participants** - SE (AI & DS ; Computer students) (62)

**Resource Person** –

- 1. Mr. Ratan Deokar, Assistant Professor, Department of Information Technology, MET's IoE, Nashik.
- 2. Mr. Mithil Deore, Trainer -Kyndryl, IBM, Pune.

**Event Coordinator** - Ms. Shital Bedse and Mr. Nilesh Ahire

**Impact Analysis** - Python knowledge is essential for Data Processing and hence recommended to students of AI & DS. Sixty two students (from second year AI & DS and Computer Engg.) were benefited by the training program. The Trainer of the Program Mr. Ratan Deokar, Assistant Professor, Department of Information Technology, MET's IoE, Nashik, has an experience of 18 years and Mr. Mithil Deore, Trainer -Kyndryl, IBM, Pune is working on data Engineering.

Students were introduced with the Python concepts like Control flow structures, Object oriented, exception handling, modules and packages and regular expressions etc. The overall program motivated students to earn skills required for making career in data science.

**Mapping with POs / PSOs / Cos:**

The Program addressed CO1 and CO2 of 210242-Fundamentals of Data Structures and CO2 and CO4 of 210243-Object Oriented Programming (OOP). Also it addressed PO3: Design and development of solutions and PSO2: Students were able to practice logic development and programming skills using computational tools.
