Report on Industrial Visit to

'Sahyadri Farms'

Date: 26/02/2024

Our MCA students were taken to Industrial visit on 26th February, 2024 at 10:30am. Students visited the industry which is located in **Mohadi**, Maharashtra.

First the students were gathered in the seminar hall at Sahyadri Farms. The details regarding the industry were shared here through audio – visual presentation. Students were guided on SCM (Supply chain management) & CRM (Customer Relationship Management) through examples provided of Sahyadri Farms itself. The network of consumer to industry or vice versa was understood by the students.

Students were informed on the following points:

- Software's used to control machines.
- Industrial business chain
- Technology explored: Block chain
- Details on machineries used in industry.
- Work flow of the industry.
- Optimization of resources.

Total 50 Students visited the industry from FY-MCA classroom. Students learned about global standards of agricultural practices, world-class infrastructure, international food safety standards, and how exporting of safe, hygienic, and healthy food is done to the consumers.

Parent Meeting Report

Date: March 23, 2024

Event: Parent Meeting for FY MCA Students

Objective: The primary objective of the parent meeting was to provide an opportunity for parents to interact with faculty members, gain insights into their child's academic progress, and discuss any concerns or queries regarding their child's education and development.

Agenda:

- Welcome and Introduction
- Overview of the Academic Year
- Felicitations of Students
- Open Forum for Parent Queries and Concerns
- Conclusion and Next Steps

Key Participants:

- Faculty Members
- Parents/Guardians of FY MCA Students

Summary:

The parent meeting for FY MCA students was conducted on March 23, 2024, at MCA Department IOE MET BKC. The meeting commenced with a warm welcome extended to all parents by Prof. P.D.Jadhav and Prof. Priti Fuldeore .

An overview of the academic year, highlighting key milestones, curriculum updates, and extracurricular activities aimed at enhancing students' holistic development were shared by Prof. Manjusha Khond with the parents.

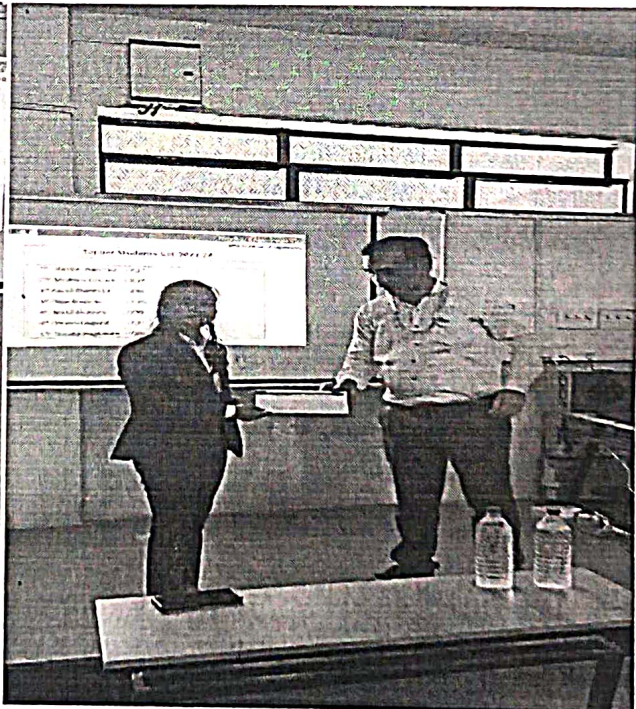

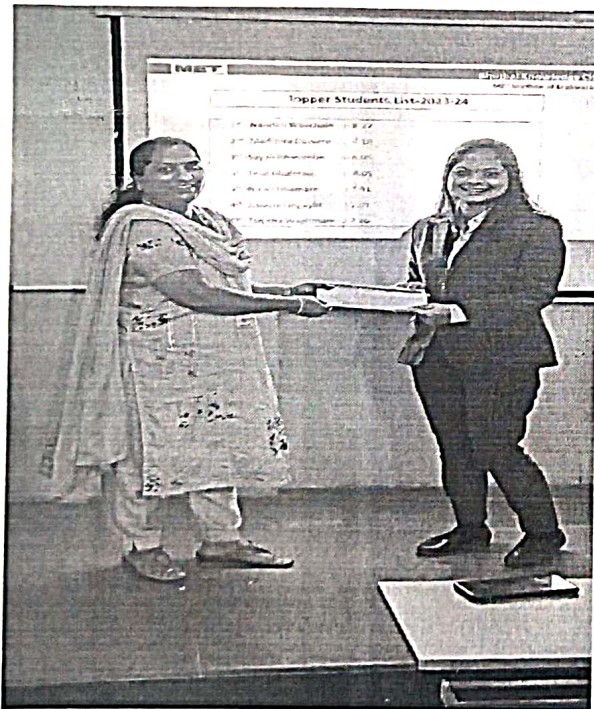

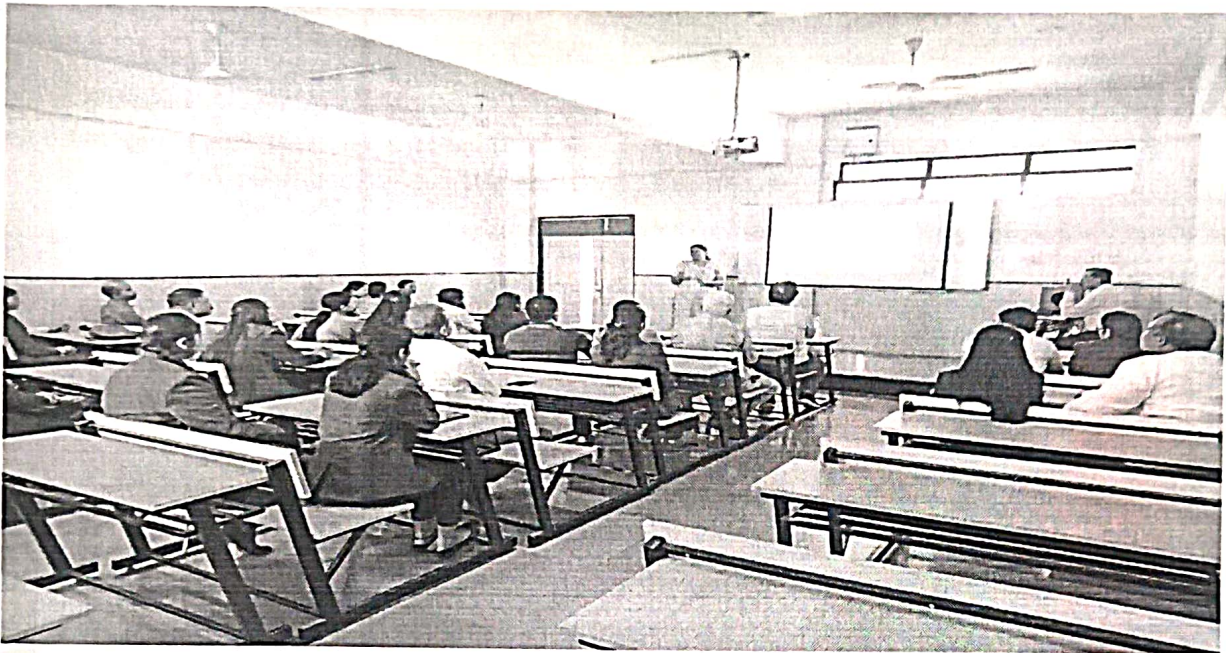

The meeting provided an open forum for parents to raise queries, concerns, or suggestions regarding their ward's education. Faculty members addressed each query with transparency and provided valuable insights and guidance.

The meeting concluded with a thanking speech by Prof. Nita Shinde and Felicitations of First year toppers by Prof. Sonali Vidhate . Also, we collected feedback from parents through a feedback form.

Recommendations:

Parents gave recommendations for conducting regular parent meetings to maintain open communication channels between the institute and parents.

Conclusion:

The parent meeting for FY MCA students was successful in fostering meaningful dialogue between faculty members and parents, fostering a sense of collaboration and support towards the academic journey of the students. We look forward to organizing similar events in the future to strengthen the parent-school partnership further.
