Notice

All students of FYMCA are informed that, we are going to organize an expert session on “**LaTeX report writing**” scheduled for 24 April 2024. The session aims to equip you with essential skills and knowledge in LaTeX, a typesetting system widely used for academic and professional documents.

Details of the Session:

Date: 24 April 2024]

Time: 10.00 to 12.00

Venue: MCA Dept

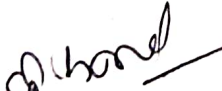

Facilitator: Mr. Ankush Chaurpagar

Topics to be covered:

- Introduction to LaTeX and its significance
- Basics of LaTeX syntax and structure
- Hands-on practice in creating LaTeX reports
- Tips and tricks for efficient LaTeX usage

We encourage all FYMCA students to participate in this session to enhance your report writing skills and broaden your knowledge of LaTeX.

We look forward to your active participation.

Report on Expert Session on LaTeX Report Writing

Date: April 24, 2024

Venue: MCA Department , MET's IOE BKC Nashik

Participants: FYMCA Students

Objective:

The primary objective of the expert session on LaTeX report writing was to familiarize FYMCA students with the LaTeX typesetting system and equip them with the necessary skills to create professional-looking reports efficiently. Specifically, the session aimed to:

Introduce students to the basics of LaTeX syntax and structure.

Demonstrate how to create a simple report using LaTeX.

Provide hands-on practice and guidance on formatting, referencing, and including mathematical equations in reports.

Offer resources and tools for further learning and exploration of LaTeX.

Session Overview:

The expert session was of 2 hours duration from 10.00 to 12.00 , with an introduction to LaTeX and its significance in academic and professional writing. The facilitator, [Name], a seasoned LaTeX user and expert, began by explaining the advantages of LaTeX over traditional word processors, emphasizing its flexibility, consistency, and superior typesetting quality.

The session proceeded with a step-by-step demonstration of creating a basic report template in LaTeX, covering essential elements such as document class selection, sectioning commands, text formatting, and the inclusion of images and tables. The facilitator highlighted the importance of using LaTeX packages to extend functionality and customize document layouts according to specific requirements.

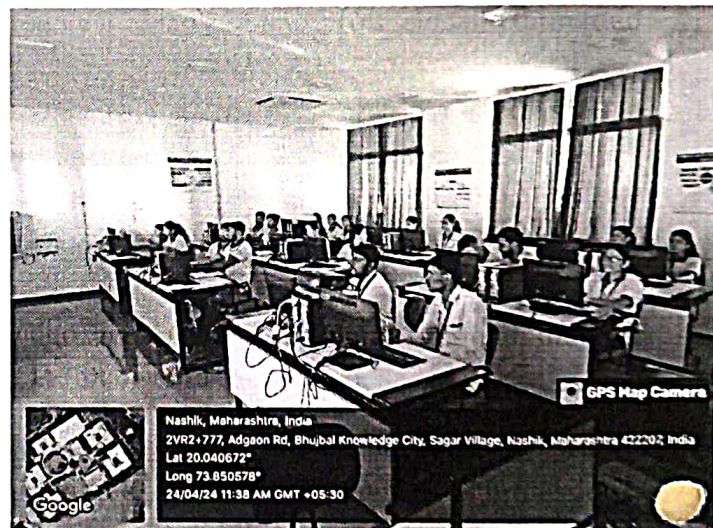

Following the demonstration, participants were provided with laptops equipped with LaTeX editors, and they were guided through practical exercises to create their own sample reports. The facilitator offered personalized assistance and addressed queries raised by the participants during the hands-on session.

Outcomes:

The expert session on LaTeX report writing yielded several significant outcomes:

- **Enhanced Understanding:** Participants gained a comprehensive understanding of LaTeX syntax, structure, and workflow, enabling them to create well-organized and professionally formatted reports.
- **Improved Skills:** Through hands-on practice and guidance, participants acquired practical skills in LaTeX document creation, formatting, referencing, and mathematical typesetting.
- **Increased Confidence:** The session boosted participants' confidence in using LaTeX for academic and professional writing tasks, empowering them to explore and utilize its advanced features effectively.
- **Resource Accessibility:** Participants were provided with resources, templates, and tools to facilitate their ongoing learning and utilization of LaTeX beyond the session.

Overall, the expert session on LaTeX report writing proved to be insightful and beneficial for FYMCA students, equipping them with valuable skills and resources to excel in their academic and professional endeavors. At the end of session online feedback from attendees were taken.
