

Report on Alumni Synergy 2025 **Industry Interaction Session**

Organized by: MCA Department, MET BKC Institute of Engineering

Date: 14/03/2025

Venue: Classroom No – 501

Objective of the Session

The objective of the session was to bridge the gap between academia and industry by facilitating interaction between current MCA students and alumni who have successfully transitioned to the corporate world.

Through this initiative, the session aimed to:

- i. Provide insights into the current industry environment and real-world challenges.
- ii. Share alumni experiences regarding internships during their MCA course.
- iii. Guide students on essential skills and strategies to improve employability.
- iv. Guide students on industrial skills and how to be a good learner.
- v. Foster a sense of connection and inspiration by showcasing successful alumni journeys.

Session Highlights and Overview

As part of Alumni Synergy 2025, two distinguished MCA alumni from the previous graduating batches, Khushal Patil works as Software Engineer and Tejas Shete works as Senior Software Developer at Byte Elephants Technologies Pvt Ltd, delivered engaging talks and shared their career experiences.

The key aspects covered during the session included:

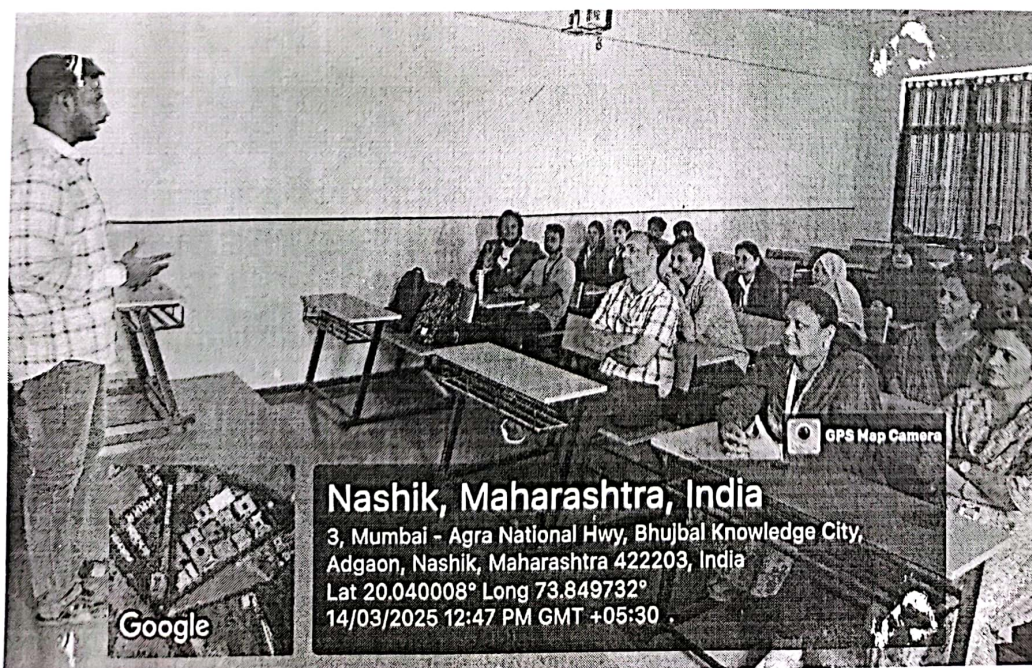

- i. **Internship Experiences:**
The alumni shared their internship stories, emphasizing the skills, challenges, and real-world applications they encountered.
- ii. **Industry Trends:**
They provided insights into the evolving IT industry, with discussions on in-demand technologies such as Java, Cloud Computing, and Web Development – React.js, Node.js, Rest API's, Debugging.
- iii. **Q&A and Interaction:**
The session concluded with an interactive Q&A session, where current MCA students asked questions related to internships, interview preparation, industry readiness, and career growth.

Outcomes of the Session

The session achieved the following outcomes:

- i. **Enhanced Awareness:** Students gained a clearer understanding of how to approach internships and the skills required to succeed in the IT industry.
- ii. **Skill Development Guidance:** The alumni emphasized the importance of hands-on experience in technologies like Java, SQL, web development, and project-based learning.
- iii. **Motivation and Connection:** The session strengthened alumni-student connections and motivated students to pursue industry-relevant skill-sets with a focused mindset.

Photos from the Session

Conclusion

The Alumni Synergy 2025 session successfully met its objective of fostering industry-academia connections. The insights shared by the alumni, combined with their real-life experiences, will help MCA students become more industry-ready as they prepare for internships and future careers. By addressing key industry expectations, the alumni helped students understand the importance of acquiring technical skills, staying updated with the latest IT trends, and participating in project-based learning. The emphasis on practical skills in core areas. The MCA department remains committed to organizing similar sessions in the future to strengthen alumni engagement and student learning.
