**Report of Export Talk on "Scrum and Agile Methodology"**

Department of MCA Conducted Expert talk on **"Scrum and Agile Methodology"** on 9th April 2025 Under Synergy program. The session began with a brief introduction about the guests. The speaker was **Mr. Manoj Fegade, Associate Manager of Agiliad Technologies Pvt. Ltd. Pune.**

**Mr. Fegade** brings with him over **13 years of industry experience** in areas including Strategy Planning & Execution, Project Management, and Application Development. His current work extensively involves Scrum and Agile Methodologies Practices, making him valuable resource for our students.

Mr. Fegade explain how scrum and agile methodology works in industry. Scrum is an agile framework that helps teams structure their work into short development cycles called sprints. Scrum teams commit to shipping work at the end of each sprint and adopt practices and a team structure that helps them achieve this cadence.

While scrum is implemented at a product development team level, agile focuses on the entire organization, including its leadership and company culture. Many organizations use scrum in combination with other agile principles and practices to organize their teams.

Mr. Manoj Fegade is an alumnus from the batch of 2009-12. During the session he mentioned many anecdotes from his time in the college and his experience in the industry.
