The screenshot shows a web browser window with the URL <https://cmt3.research.microsoft.com/User/Welcome>. The page has a blue header with navigation links: [Login](#), [Registration](#), and [Reset Password](#). The main heading is "Welcome to CMT!". Below it, a grey box contains the text: "Your account has been registered, please verify it by clicking the activation link that has been sent to this email address." A section titled "If you do not receive the activation link" lists five reasons: 1. You typed in an incorrect email address. 2. Slow mail processing at your email server. 3. Your mailbox has exceeded quota. 4. Spam filters configured at your mailbox or email server have marked the email as spam. 5. There are connection issues with your email server. A note states: "CMT could not address issues related to your mailbox or mail server. You could probably try to use an email account such as Hotmail, Outlook, Gmail, or Yahoo! Mail. You will be able to change email address with your account later." The footer includes "© 2024 Microsoft Corporation" and links for [About CMT](#), [Docs](#), [Terms of Use](#), [Privacy & Cookies](#), [Consumer Health Privacy](#), and [Request Free Site](#).

The screenshot shows an email interface with a search bar and navigation icons.
