Minutes of Internal Quality Assurance Cell Meeting held on 15/04/2024

The IQAC Coordinator welcomes to all IQAC members and department coordinators for discussion on the given agenda. The following highlights regarding to NAAC criteria and NBA was discussed and appropriate suggestions were given by The Principal.

Review of AQAR 2023-24 submission

The AQAR 2023-24 submitted in Dec. 2023. Prof. (Dr.) V. J. Gond was provided all insides of AQAR 2023-24 and discussed with the members.

Review of Alumni Meet

The Institutional Alumni Meet was successfully conducted on 22/03/2025 for the Mechanical, Electrical, Civil, and Electronics departments, followed by the Computer and IT departments on 12/04/2025. A total of approximately 350 alumni enthusiastically participated in these events. The alumni meet provided valuable opportunities for strengthening the bond between former students and the institution. It offered a platform for alumni to share their professional experiences, mentor current students, explore collaborative opportunities, and contribute suggestions for academic and infrastructural improvements. Such interactions not only enhance industry–institute connections but also support continuous growth, networking, and long-term engagement with the institution.

Guidelines For AQAR 2024-25

- Dr. S. D. Kalpande discussed the procedure of AQAR 2024-25 preparations and provided guidelines to all department coordinators for data collection and data entry. All department coordinator unanimously decide to collect the data through Google sheet. The department-wise data will be collected by the department coordinator and will compile in institutional sheet.
- NAAC Criteria-1 is discussed and instructed to all coordinators to submit academic related documents at the earliest.
- Criteria 2: The related data along with mandatory proofs were received from the office and tabulated in format.

Institute of Engineering

- Criteria 4 and 6: Account-related details were collected with supporting hard copies from concern department.
- Criteria 5: The available data were collected and instructed to department coordinator to collect the pending data from:
 - Central training and placement cell
 - Sports Director
 - Library Department
 - Other, if any.

Discussion on NBA Accreditation and OBE Strengthening

Prof. (Dr.) V. P. Wani addressed the members on the mandatory pathway for NBA accreditation and emphasized the importance of strengthening Outcome-Based Education (OBE) across all academic and co-curricular activities. He explained the systematic approach required for aligning institutional and departmental practices with NBA standards and highlighted key focus areas for continuous quality improvement.

Instead of routine internal reviews, the focus was placed on **maintaining and further improving the academic standards already achieved through NBA certification**. The IQAC highlighted the importance of sustaining these quality benchmarks through consistent academic practices, proper documentation, and adherence to established processes. Departments were further instructed to intensify their focus on **research activities, student and faculty projects, and consultancy initiatives** to strengthen academic excellence and support on-going NBA quality requirements.

AICTE IDEA Lab Project

AICTE has accepted the Institutional Project proposal of AICTE IDEA Lab. The total project cost of AICTE IDEA lab is 90 Lakh. The acceptance consent for this project was submitted on 20/02/2025.

ICIA-MET'25

The International Conference on Innovative Approaches in Multidisciplinary Engineering and Technology (ICIA-MET'25), held from 8th to 10th April 2025 at MET's Institute of Engineering, Bhujbal Knowledge City, Nashik, summarizes the key discussions, activities,

Institute of Engineering

and outcomes of the event. Organized by the Department of Mechanical Engineering, the conference aimed to foster interdisciplinary collaboration, promote technological innovation, and provide a platform for impactful research dissemination. The inaugural session was graced by Chief Guest and Keynote Speaker Dr. Pramod Patil, Dean, Science and Technology, SPPU, who emphasized the role of emerging technologies, sustainable practices, and the National Education Policy in shaping modern engineering. The conference featured six technical tracks and received 449 research papers, out of which 160 were accepted. The event included paper presentations, technical discussions, and interactive Q&A sessions. High-quality papers were submitted for publication Scopus Book Chapters, IJTE Journal (UGC Care), STM Journal, and the conference proceedings. The conference concluded with significant knowledge sharing and networking opportunities among academicians, researchers, and industry professionals. Key action points such as certificate distribution, publication follow-up, and feedback collection were noted for post-conference execution. The event successfully achieved its objectives and reinforced MET's commitment to academic excellence.
