Research Project

1. **Title of Research Project:** Implementation of character recognition framework for video streaming : Virtual Laboratory Approach

   Project Coordinators: Prof. Dr. M. U. Kharat
   Prof. Ranjana Dahake
   Period of Completion: 2013-2016

   Objective: Effective implementation of Virtual Laboratories and network resources

2. **Title of Research project :** Query optimization and execution of dynamic data items in network aggregation environment

   Project Coordinators: Prof. Dr. M. U. Kharat
   Prof. Mrs. K.V. Metre
   Period of Completion: 2013-2015

   Objective: Implementation of outcome for network optimization

3. **Title of Research Project :** Implementation of Cluster by developing cluster based control channel allocation algorithm in opportunistic Cognitive Radio Networks

   Objective: Implementation of outcome for resource optimization

   Project Coordinators: Prof. Mrs. Madhuri A. Bhalekar
   Prof. Mrs. Kalpana V. Metre
   Duration of Project: 2013-2015
