### **Details:**

**Chief Guest/ Guest of Honor/ Speaker:** Mr. Navnath Thube

**Designation /Organization:** DyE MSETCL

### **Report**

The Department of Electrical Engineering of MET's institute of Engineering, organize technical visit at MSETCL Takli substation (132/33KV) on 15/10/2024. Students learnt about Power Transmission techniques using Substation. Also they understood about the grid interconnection.

As a part of visit students have visited different section of the substation such as, battery room, control room, PLCC room, substation yard etc.

Due to some maintenance work going on in the Substation students got an opportunity to see the live work and also they were allowed to see the different parts of the machines.
