MET's Institute of Engineering, Bhujbal Knowledge City Adgaon, Nashik
"First Year Induction Program 2018-19"

The Induction Program is designed to facilitate the academic, cultural and social adjustment of the first year commencing students. The Program activities are linked to the key strategic goals of the University, namely enhancing the Student Experience, developing excellence in learning and teaching, and encouraging participation of students from diverse cultural and social backgrounds. And also helps to develop Common values ,humanists, atheists or agnostics - kindness, sharing, service to others, sense of belonging with all .A strong educational process should not focus only on knowledge and information. Principles, values and ethics must permeate all human actions

Objectives of Induction Program
a) To inculcate Ethics and Human Values into the young minds.
b) To impart the human values to guide the Engineering profession
c) To make the students to behave in an ethical manner in the society.
d) To create ethical vision and achieve harmony in life.
