5. To provide guidance for students' academic and personal growth

The Parents Meet for First Year Engineering students was successfully organized by the **Department of Engineering Sciences and Mathematics at MET's Institute of Engineering, Bhujbal Knowledge City, Adgaon, and Nashik**. The primary objective of this meet was to establish effective communication between parents and the institute, and to provide a clear understanding of the academic structure, rules, and student progress. The session was conducted under the guidance of the Principal, **Dr. V. P. Wani**, whose continuous support ensured the smooth execution of the event. The program was coordinated and conducted by the FE Coordinator, **Dr. Vinod Khairnar**, who played a key role in presenting important academic details and addressing parents' queries. The event was skillfully anchored by **Prof. G. H. Borate**, who maintained a smooth flow throughout the program. The meet began with a warm welcome address, followed by the introduction of faculty members from the department. **Dr. Vinod Khairnar FE coordinator** delivered a detailed presentation on the academic curriculum, semester pattern, and examination system. He also explained the internal assessment process, attendance requirements, and discipline guidelines to ensure transparency and clarity. A special felicitation ceremony was conducted during the Parents Meet to recognize and appreciate the outstanding academic performance of the Semester-I toppers of First Year Engineering. The meritorious students were honored for their dedication, hard work, and excellent achievements in academics. **The toppers were felicitated at the hands of the Principal, Dr. V. P. Wani, in the presence of parents, faculty members, and students.** The initiative motivated students to strive for academic excellence and encouraged healthy competition among peers. Parents appreciated the institute's efforts in recognizing student achievements and motivating learners through such encouraging activities. An interactive session was conducted where parents actively participated and discussed their concerns regarding their wards. Individual discussions were also held to review student performance and provide personalized guidance with respective division class coordinators. The institute collected valuable feedback from parents, which will be used for continuous improvement. The program concluded with a vote of thanks, expressing gratitude to the Principal, faculty members, and parents for their active participation and support in making the event a success.
