Follow Us

A Certified Skill Development Program, conducted by EduVitae Serviced which is run by IITians & Industry Experts and SDP supported & Funded by Department of Science & Technology, Government of India and in collaboration with iHUB TIH IIT Roorkee.

The main purpose of such social initiatives to create awareness about the industry ready skills and emerging technologies and equip the students with the right skills so that they can pursue their career as per their interest accordingly and get an internship & job.

Another purpose of such social initiatives is to create awareness about start-ups and entrepreneurship culture among the youth of India.
