

Patents published/granted, copy rights by the faculty members

S. No.	Title	Name of the Inventor/Inventors	Application No. with Date	Status (Filed/Published /Granted)	Year of Patent Application
1	Deep Neural Networks are used to Solve Network Routing Problems Such as Network Congestion in Mobile Ad Hoc Networks (MANETs)	Shyamrao V. Gumaste Vijay U. Rathod,	20232102787 1 (2023/05/05)	Published	2023
2	Secured information sharing in supply chain management using blockchain technology	Priti Lahane,Dr.Mukesh Gupta.	L-108102/2021	Published	2021
3	Robotic Device For Shortest Path Identification In Hospitals	Dr. Namita Kale Dr. Shashikant Athawale Dr.Gajendra Bamnote Dr.Amol Kadam	353959-001	Published	2021

1. Product Development

S. No.	App Name	Objective	Contributor Name	APP Link	Development Duration	Session
1	SoilMaster	Soil testing and crop scheduling	Prof. K.M.Mahale, Vaishnavi Wagh Navleen Bindra Riddhi Kalyankar Nikita Khedkar	https://play.google.com/store/apps/details?id=c0m.soilmaster	6months	2022-23
